

Join our People Bank

And have your say on health and social care services

We are growing our People Bank network of local people who want to be informed about services or get involved in meetings, events or consultations about health and social care in Barnet.

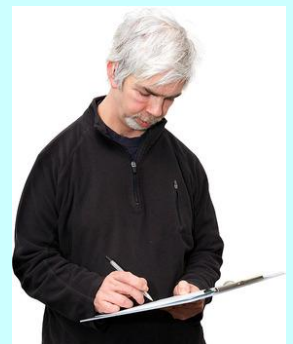

To be a member of our People Bank:

- Choose the topics that interest you
- Decide how you want to get involved

Join today!

**Complete our online form at
www.barnet.gov.uk/people-bank**

Or you can call Caroline Powls on 020 8359 4366

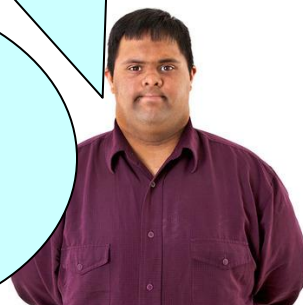

I get newsletters with updates about services emailed to me.

I am an Expert by Experience. We meet regularly to talk about services we want to change.

I'm a member of the local Carers forum, run independently from the council.

Some more examples of how you can get involved:

- If you represent the views of local residents through a group or organisation, you could become a member of one of our Partnership Boards (for people who use health and social care services).
- If you are over 55 years old, you could become a member of the Barnet Seniors' Assembly, which lobbies the council and health services on local issues.
- If you have a learning disability, you could get involved with Barnet's Learning Disability Parliament
- If you would like to get involved in council consultations, we can email you a link to our Engage website when a consultation starts.

It is up to you how you get involved.

Thank you for supporting Barnet's People Bank!
