LONDON BOROUGH

Elections Investigation Survey

Introduction

On the morning of Thursday 5th May 2016 there were problems with electoral registration lists at all 155 polling stations in the borough, which meant that some Barnet residents were unable to vote.

We have launched an independent investigation to look at how this situation occurred and to learn from it. We would like to hear from any residents who were directly affected by this issue. If you would like to assist in this investigation, please complete the form and press submit. We will collate the responses and include them in the investigation.

In order to allow the investigation to conclude ahead of the EU Referendum the deadline for all election feedback from residents is 9am on 19 May 2016.
